

How to access Assignments on Teams on a PC or laptop

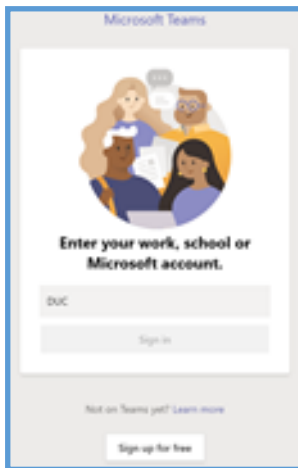

For the most convenient and accessible solution, we recommend downloading the app.

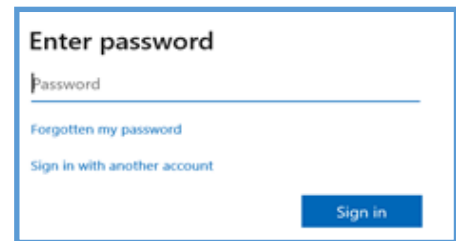

On a PC or Mac you can download the desktop app from the following URL:

<https://www.microsoft.com/en-gb/microsoft-365/microsoft-teams/download-app>

Alternatively you can access Teams via an internet browser using the following link <https://teams.microsoft.com/>

After installing/opening the software you will need to enter your child's login email address, followed by their password to sign in.

From the menu on the left of the screen select Teams and you will see your child's class. The tab 'Posts' will appear.

Alternatively you can click on Assignments to view the work set for your child
