

Mrs Siobhan Gamper-Clarke Biopic

I am a primary teacher and small-business owner and moved to Exeter from Berkshire in 2021. I have been working in education for over a decade with subject specialisms of Art and D&T. I am particularly interested in supporting children on the autistic spectrum having worked in Reading's primary ASD hub for five years. I live with my husband and two cats and love exploring the local area or trying to get myself up the wall at one of Exeter's climbing gyms.

I joined the Local Governing Body in March 2023.

Why are you a governor?

My husband and I were so warmly welcomed to the area by the Woodwater community, it felt wonderful to be able to do something in return. To celebrate the King's coronation in 2023, we helped to organise a street party on Carlton Road, during which I was lucky enough to meet many of the children and parents of Woodwater. It is a pleasure to see all the wonderful work that goes on to make Woodwater such a fantastic school.
