Message from Katie Chown

The children have returned from the half-term break full of energy and enthusiasm, and it has been lovely to see them enjoying the sunshine and the early signs of spring across the school grounds.

Yesterday, Woodwater was filled with an array of book characters as we celebrated World Book Day. The children had a fantastic time, with The Masked Reader proving to be a definite favourite. Thank you for the time you spent exploring characters with your children and helping to make or source their costumes — it truly added to the magic of the day.

Woodwater's very own "Where's Wallies" appeared in corridors, classrooms, and even on the playground, adding an extra layer of fun to the celebrations. We've also included a special "Where's Wally" beach scene challenge created by the talented Mrs Ellis, featuring nine hidden Woodwater Wallies for families to enjoy together at home. Can you spot all nine?

Years 3 & 4

In Year 3 and 4 this week, the children performed Viking Rock! It was a lively musical adventure that followed a time-travelling journey back to the era when Britain was invaded by the Vikings. Throughout the show, the children brought history to life as they sang energetic songs, acted out moments from the past, and shared everything they've learned in a fun and memorable way. The children did a fantastic job! Thank you to all of the parents that attended and for the costumes you provided for the show.

Years 5 & 6

This week Year 5 and 6 were lucky to have an extra science lesson with a visiting teacher from ISCA School. The session showed the classes what Science can be like at Secondary School and what equipment they use. Each class were detectives as they tried to work out who had written a secret note!

EYFS

This week in reception we have been exploring different ways of representing the number ten. This included finding number pairs that total ten. The children enjoyed using the paint dabbers to represent number pairs on the tens frame.

Years 1 & 2

Year 1/2 had a fantastic parent event where children and adults worked together to create clay flowers inspired by artist Marc Quinn. They practised skills such as squashing, squeezing, and using slip, score, and blend techniques to join their pieces securely. We would like to say a huge thank-you to all the parents and carers who joined us and helped make the session so creative and enjoyable.
